

Feng Shui Workshop

Teacher's Profile:

Joan Malloy is a Registered Architect, US Accredited Professional of Leadership in Energy and Environmental Design (LEED), and Feng Shui Practitioner offering workshops and consultations throughout the world. Joan is also a Reiki Master with the Reiki Alliance, combining and harmonizing both the energies of the inner being with the materials, natural environment, structure, form and placement of the built world. Joan is a Master of Architecture graduate from Rhode Island School of Design, worked in NYC, Athens 2004 Olympics, the Las Vegas Strip and just completed her work on the Four Seasons in Istanbul. She has traveled extensively, studying ancient people and their wisdom.

FENG SHUI WORKSHOPS

Enhance your relationships, increase your abundance, reflect your inner self.

Learn the basic principles of Feng Shui, the mystical Asian art of placement that enhances and harmonizes being.

Classes:

- We will go over the history of Feng Shui, how the principles of the Black Sect School of Feng School work
- Show various floor plans to learn how the Bagua works, and learn how to see the story of the occupant in the space, the house, a mirror of the self.
- Each participant is asked to bring Nine Red Envelopes, each one with a Coin in it.

- The tradition of the Nine Red Envelopes is to honor the lineage, the oral tradition and training of the masters before. The coin is purely symbolic and represents a weight; it can be any kind of coin. The Nine Red Envelopes are presented before the class begins.

A list of suggested books that are specifically from the Black Sect School of Feng Shui will be given.

Each participant can also bring one of their own floor plans and ask one question about their home.

PRIVATE CONSULTATIONS

Private Consultations include:

Review of floor plan and suggested corrections

Consultation visit to site
